Subject: Re: quick ?

Let's let him come to this next one - given his activity w sec and fund, can be useful - then see how much he sells/resolution of reg on anything after that.

Chris,

How do you want to handle his clear expectation that he is (again) attending the board meeting? We positioned him as a "guest" at the last board meeting - but I don't think he is understanding that we don't view him as full 'observer' status.

Particularly if he is selling some (or all) of his equity...

Brad

Let's do 830am PT on Wednesday. Want to just ring me on my mobile? [REDACTED]

And you are correct that [REDACTED] is on the cap table already. The Stock Purchase Agreement we use may be the same (since [REDACTED] already transacted once) but we will want to verify that.

Talk soon
Best
Brad

Hi guys - hope all is well. I'm looking forward to seeing you in SF on July 12, if not sooner.

I wanted to see if either of you guys had 10 mins to chat sometime this week?

The brief topic is some personal financial/estate/philanthropic planning I am in the process of doing which involves creating some liquidity in a variety of my personal investments, including Ripple. You guys have shared versions of your own philanthropy related to partial Ripple or XRP divestitures, which I find inspirational. I have a buyer for a portion of my equity holdings that I believe is pre-approved by you guys [REDACTED]. When we connect I just want to talk through the logistics of transaction (we have an agreed Stock Purchase Agreement), and who I need to coordinate with at Ripple (GC? Other?), and also re-iterate that I remain VERY long XRP via my majority ownership of our digital asset fund positions and remain 1000% supportive of everything you guys are working on.

Pls let me know if any of the following times suits either of you to briefly discuss:

Tues: anytime 1-230pm PST or 730pm PST

Wednesday: anytime 8-930am PST or anytime 1pm PST onward

Thursday: anytime 1030-2pm PST

Hopefully something in the above ranges works on your end and I look forward to connecting.

Thx

[REDACTED]
